

**ELECTION CAMPAIGNS FOR PUBLIC OFFICE**

MSD of Wayne Township exists to serve the educational needs of school age children within its jurisdiction. While schools teach about democracy and the elective process, schools and staff should be neutral relative to election campaigns for public office. Therefore, in the interest of fairness and school district impartiality in political election matters, no material supporting a candidate or group of candidates for public office will be:

1. Displayed on school property except as part of a curricular activity and except at an approved polling place on election day;
2. Distributed through staff mailboxes or school email; or
3. Sent home with students.

IC 3-14-1-17

MSD of Wayne Township, Marion County, Indiana

Adopted: December 18, 1989
