

MINORITY BUSINESS PARTICIPATION

The MSD of Wayne Township recognizes the value of diversity in our community and is committed to developing supplier diversity by supporting Minority-Owned Business Enterprises (MBE) and Women-Owned Business Enterprises. A variety of approaches may be utilized to increase participation, such as outreach, participation in vendor fairs, partnering with other educational institutions, and invitation to participate in all bid and quote invitations.

Any company or contractor submitting a bid must utilize *Form F250-E*, demonstrating that at least one (1) MBE and/or Women-Owned Business was contacted as a potential subcontractor and/or supplier for the project. *Form F250-E* must be completed and returned in the sealed bid package to the District.

Any questions or concerns may be directed to the District Chief Financial Officer.
