

Missed appointments prevent others from using our services

Missed appointments, especially without advance notice, make it difficult for your fellow employees to schedule timely appointments. It also impacts MSD of Wayne Township's ability to provide this important benefit to its employees.

Please note our policy: After three missed appointments (by you or eligible family members) during a 12-month period, you and eligible family members will be at risk of losing access to Wayne Wellness services for three months.

The Wayne Wellness team is committed to offering high-quality healthcare that's convenient and affordable. You can help in our efforts to serve fellow employees by arriving for scheduled appointments or notifying Wayne Wellness in advance if you are unable to keep your appointment.

We look forward to serving you and thank you for your cooperation.
