

REVIEWING PUBLIC RECORDS IN PERSON

INSTRUCTIONS: This form must be completed when a request for public records was properly made and submitted on form H175-E, the District informed the Requester in writing that the request was granted, and the Requester elected to review and inspect the record(s) in person. As the Requester has elected to review and inspect the record(s) in person, instead of being provided a copy, fees will not be charged.

The Requester will inspect records only at the office or location where they are regularly maintained, during regular business hours, in the presence of a District staff member. The Requester may not take any records with him or her, nor make any copies (including a photograph from their cell phone) of said records. If the Requester is unsatisfied with the records produced for inspection, he or she may submit a revised request through the process described in Policy H175.

The District staff member will complete this form, the Requester will sign it, and the completed form must be submitted to the Chief Communications Officer at the District Education Center.

To be completed by Requester

I reviewed the above described records in person, in the presence of a District staff member for the entirety of my inspection. I was not charged a fee. I certify that I did not take any records with me nor did I make a copy, including a photograph, of any records. I understand that if I require any further records, I must submit a request for public records in writing on form H175-E, pursuant to Board Policy H175.
