

Question	Response
<p>The warranty on the Chromebooks is a 1 year “onsite” warranty in your RFP. This would be an upgraded warranty from the 1 year “mail-in” warranty that they come with. Is the “onsite” warranty definitely what you want?</p>	<p>The intent was to have the one year "mail in" warranty, but the onsite warranty option can also be considered. Feel free to quote as the standard "mail in" with the "onsite" as an alternate for our consideration.</p>
<p>I know the district did 3rd Gen Lenovo 11e Chromebooks before. I still have enough of those to fulfill this order if necessary. Would Pete be open to the 3rd Gen 11e?</p>	<p>A quote for the 3rd Gen 11e will be considered and compared to the features and price differences between the two models. Feel free to quote.</p>
<p>Would MSD Wayne also be interested in a second response using Dell Chromebooks?</p>	<p>No</p>
<p>Can we submit other models if the specification is like or better on the M710 desktop?</p>	<p>Yes, other Lenovo Tiny models will be considered and compared to the features and price differences between the two models. Feel free to quote.</p>
<p>On cases, will you accept any alternative brands?</p>	<p>No</p>
<p>On the bid, it says “Custom imprinted MAX extreme Shell” does that mean the school logo would need to be included on the cases?</p>	<p>The "We are Wayne" logo in the standard Purple-Yellow-Grey combination will be used.</p>
