# MSD Wayne staffers earn new administrative opportunities

*August 11, 2016*

Many MSD Wayne employees are playing new administrative roles for the district.

Sanders School has a new principal and assistant principal. Ben Davis High School has four new administrators. The Ben Davis Ninth Grade Center has a new assistant principal. The district has a new curriculum coordinator. And Dominic Day (pictured above) has been named an assistant principal at Lynhurst 7th & 8th Grade Center.

Most of the new administrators have played previous roles in MSD Wayne.

“We often refer to our ‘deep bench’ of talented employees upon whom we may draw when administrative openings occur,” says MSD Wayne Superintendent Jeff Butts. “We know these new administrators will make our already great buildings even better.”
