

News in the MSD of Wayne Township

2016-17 school year in full swing

August 3, 2016

Classrooms throughout the MSD of Wayne Township are once again filled with students traveling our multiple pathways to success.

Careful planning by our transportation department has helped our buses move smoothly to and from school. Our Blueprint for Digital Learning has students equipped with the technology they need for engaged learning. Our Child Nutrition Department didn't miss a beat making sure our students were well fed from day one. Our custodians and buildings and grounds employees have spent weeks getting our facilities ready for the new school year. And the time spent by our teachers in preparation over the summer is already paying dividends in our classrooms.

The weeks ahead will bring the return of our HOSTS volunteer reading tutor program, straight-A award ceremonies, and many other programs and events that make our district special. Welcome back, and here's to a great school year!

WE ARE WAYNE!

GREAT SCHOOLS :: GREAT COMMUNITY
