

MSD Wayne students receive backpacks for start of school

Thanks to the Office Depot Foundation and Indiana State Senator Mike Delph, 200 students at two MSD Wayne elementary schools will start the coming school year with new backpacks filled with supplies.

"Because of Senator Mike Delph and the Office Depot Foundation, we know our children will have supplies on the first day of school and will be able to hit the ground running," said MSD of Wayne Township Superintendent Jeff Butts.

The Office Depot Foundation has donated 4,000 backpacks to children in Indianapolis. The foundation made the donations during a back-to-school celebration July 16 at the Office Depot store located at 4200 S. East Street in Indianapolis.

Two hundred of the backpacks are coming to MSD Wayne, to be provided for students at Robey and North Wayne elementary schools. This is one of a number of efforts by local organizations to provide backpacks, backpacks and supplies to MSD Wayne students.

The 2014-15 school year begins in the MSD of Wayne Township August 1.
