Definitions

For purposes of this policy, “association” is defined as an organization that conducts, organizes, sanctions or sponsors interscholastic high school athletic events as the organization’s primary purpose. I.C. § 20-26-14-1

“Coach” is defined as a coach of grades 7 through 12 in all association recognized sports, including nonteaching and volunteer coaches.

“Sponsor” is defined as a sponsor of grades kindergarten through 12 in all school sanctioned sports, including nonteaching and volunteer coaches.

Employees and Contractors

An offer of employment on behalf of the School Board shall be contingent upon a determination by the Superintendent or designee that the applicant meets each qualification standard in the job description for the position offered. To determine if the applicant meets the qualification standards for the position applied for, the Superintendent or designee shall conduct a comprehensive background investigation on each applicant given a conditional offer of employment.

MSD of Wayne Township through the Superintendent or designee shall take the following steps in accordance with Indiana law to conduct a pre-employment background investigation:

- a) Conduct an expanded criminal history check for each applicant;
- b) Conduct an Indiana child protection index check for each applicant;
- c) Seek explanations of any employment gaps to ensure the applicant has not omitted an employer where an offense occurred;
- d) Verify the applicant’s eligibility to work using the E-verify database maintained by the Federal government
- e) Contact the applicant’s employment references, and, if applicable, the most recent employer provided by the applicant before the applicant may be hired;
- f) Conduct an expanded child protection index check (all other states), where information obtained from the other checks indicates such a step is warranted. Such a check will be completed for those states where this information is available.
- g) Review comments from a representative of each former employer.
- h) If the position involves driving, an Indiana Bureau of Motor Vehicles driver history.

Where the needs of the MSD of Wayne Township require that the applicant begin work before the background investigation can be completed, the expanded criminal history check for each applicant shall be completed no later than thirty (30) days after the first day of employment. If the vendor providing an expanded criminal history check offers more than one (1) type of expanded criminal history check, the School District shall evaluate all available types of criminal history check and determine whether a more comprehensive expanded criminal history check would better protect the students. Further, the District shall conduct an Indiana child protection index check no later than sixty (60) days after the first day of employment. The applicant shall continue to be considered as an applicant working pursuant to a conditional offer of employment until the background investigation is complete.

Each applicant shall provide all identifying information necessary to conduct the pre-employment background investigation and shall read and agree to the Background Information Statement and Release of Claims statement on the application as a condition of being considered for employment.

Failure of an applicant to fully or truthfully disclose all information requested in the application process may disqualify the applicant. Where the failure to make a truthful or complete disclosure is not detected until after the employee is employed, the employee may be terminated for insubordination.

Consistent with Indiana law, the School District may use information concerning an individual being the subject of a substantiated report of child abuse or neglect as grounds not to employ or contract with the individual.

The School District will not hire, continue to employ, contract with, or continue to contract with any individual who has been convicted of an offense requiring license revocation, unless the conviction has been reversed, vacated, or set aside on appeal.

Additionally, concerning each employee of the School District, or an entity contracting with the School District, in an employment position in which an individual is likely to have direct, ongoing contact with children in the scope of employment:

- 1) The School District will not employ or contract with, and will terminate the employment of or contract with, an individual who has been convicted of an offense listed in I.C. 20-26-5-11.2(b), unless such conviction has been reversed, vacated, or set aside.
- 2) The School District will not employ or contract with an individual who has been convicted of an offense listed in I.C. 20-26-5-11.2(c), unless a majority of members of the Board approves such employment or contract as a separate, special agenda item.
- 3) The School District will not hire or contract with an individual who is required to wear an ankle monitor as the result of a criminal conviction, unless a majority of members of the Board approves such employment as a separate, special agenda item.
- 4) The School District will not hire or contract with an individual who entered into an agreement to settle an allegation of misconduct relating to the health, safety, or well-being of a student (as defined in I.C. 20-26-5-11.2(i)) at a school district, charter school, or state

accredited nonpublic school, if the agreement included a nondisclosure agreement covering the alleged misconduct, unless a majority of members of the Board approves such employment as a separate, special agenda item.

- 5) The School District will not hire or contract with an individual who, in an academic environment, engaged in a course of conduct involving repeated or continuing contact with a child that is intended to prepare or condition the child for sexual activity (as defined in I.C. 35-42-4-13), unless a majority of members of the Board approves such employment as a separate, special agenda item.

An entity with which the School District contracts for services may not employ or contract with, and shall terminate the employment or contract of an individual in a position likely to have direct, ongoing contact with children in the scope of employment if the individual has been convicted of an offense listed in I.C. 20-26-5-11.2(b). If such an entity obtains information that an individual employed by the entity who works at a particular school district, charter school, or state accredited nonpublic school has been convicted of an offense listed in I.C. 20-26-5-11.2(b), the entity shall immediately notify the school district, charter school, and state accredited nonpublic school of the employee's conviction. Such entity is not required to consider whether information concerning such a conviction requires the entity to terminate the employment or contract of, or otherwise not to employ or contract with, such individual if the conviction has been reversed, vacated, or set aside.

Additionally, an entity with which the School District contracts for services may not:

- 1) Employ or contract with an individual in a position likely to have direct, ongoing contact with children in the scope of employment if the individual has been convicted of an offense listed in I.C. 20-26-5-11(c), unless a majority of members of the Board approves such employment or contract as a separate, special agenda item.
- 2) Hire or contract with an individual in a position likely to have direct, ongoing contact with children in the scope of employment if the individual is required to wear an ankle monitor as the result of a criminal conviction, unless a majority of members of the Board approves such hire or contract as a separate, special agenda item.
- 3) Hire or contract with an individual in a position likely to have direct, ongoing contact with children in the scope of employment who entered into an agreement to settle an allegation of misconduct relating to the health, safety, or well-being of a student (as defined in I.C. 20-26-5-11(i)) at a school district, charter school, or state accredited nonpublic school, if the agreement included a nondisclosure agreement covering the alleged misconduct, unless a majority of members of the Board approves such hire or contract as a separate, special agenda item.
- 4) Hire or contract with an individual in a position likely to have direct, ongoing contact with children in the scope of employment who, in an academic environment, engaged in a course of conduct involving repeated or continuing contact with a child that is intended to prepare or condition the child for sexual activity (as defined in IC 35-42-4-13), unless a majority of members of the Board approves such hire or contract as a separate, special agenda item.

Contractors providing services to the District which entail direct contact with students shall, as a material term of their contract, agree that they have or will screen each employee and applicant for employment using the same qualification standards applied by the Board to the same or similar positions. Contractors shall submit their policy or a written assurance of their compliance with this policy. Compliance with this policy shall be a material term of every contract for services entered into by the Board, and the Superintendent may promulgate administrative guidelines to implement this policy.

Each District employee is required to undergo an expanded criminal history check every five (5) years. The employee will assume the costs of the expanded criminal history check. The School District may conduct an expanded criminal history check more often than every five years if it believes an employee is the subject of a substantiated report of child abuse or has been charged with one of the offenses listed in I.C. § 20-26-5-11.2(b).

The Superintendent shall develop procedures to provide appropriate safeguards, including the development of forms and procedures necessary to make any disclosures required under Indiana law.

Volunteers

Each volunteer who is in direct contact with students will be required to submit a Limited Criminal History Record Check.

The procedures shall ensure that information and records obtained from criminal history inquiries under this policy are confidential and shall not be released except as necessary to implement this policy or to defend a decision made pursuant to this policy.

The Superintendent is to inform each volunteer that they:

- A. shall agree to abide by all Board policies and District guidelines while on duty as a volunteer;
- B. will be covered under the District's liability policy but the District shall not provide any type of health insurance to cover illness or accident incurred while serving as a volunteer, nor is the volunteer eligible for workers' compensation;

2. Request references from the individual, and contact the references provided;
3. Contact the association to determine whether the individual's accreditation has ever been suspended or revoked.

Before allowing an individual to be a volunteer coach, the District must conduct an Expanded Criminal History Check.

Mandatory Reporting of Arrest, Conviction, and Substantiated Reports of Child Abuse or Neglect

During the course of employment with the School District, each employee is required to report arrest or the filing of criminal charges against the employee; any substantiated report of child abuse or neglect; and conviction of criminal charges to the Superintendent or designee within two (2) business days of the occurrence. The Superintendent or designee shall review each such report and shall recommend appropriate action to the Board consistent with Indiana law and considering the risk to members of the school community presented by the continued employment of the employee.

No District employee, contractor, or agent shall assist a District employee, contractor, or agent in obtaining a new job, apart from the routine transmission of administrative and personnel files, if

the individual knows, or has probable cause to believe, that such school employee, contractor, or agent engaged in sexual misconduct regarding a minor or student in violation of the law.

Disclosures Regarding Former Employees
